Why Us

Responsive design

In this day and age where mobile phones and tablets are responsible for close to 60% of global internet usage, having a responsive website is a necessity – not an option.

At Centaur Management, we ensure your website looks as good on Mobile as it does on Desktop, allowing for the best customer experience on all devices.

Cross-Browser Support

Our code is W3C compliant and tested against all major browsers.

Response Times

During office hours Centaur Management will respond to all major issues within 1 to 2 hours. Outside of office hours, Centaur Management will endeavour to respond within 6 to 12 hours.

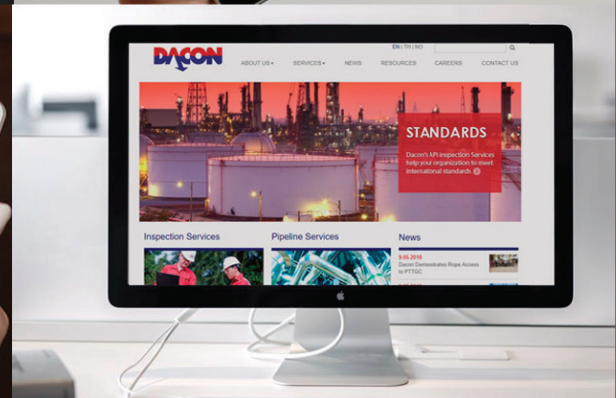

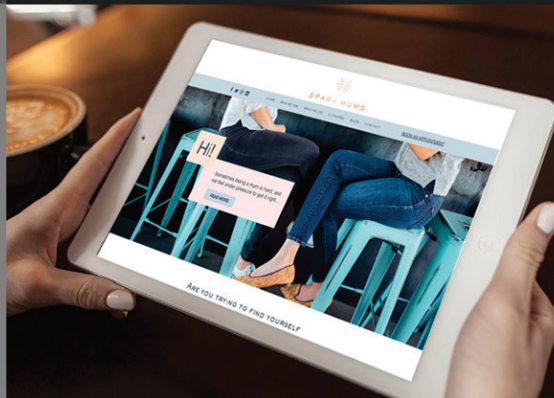

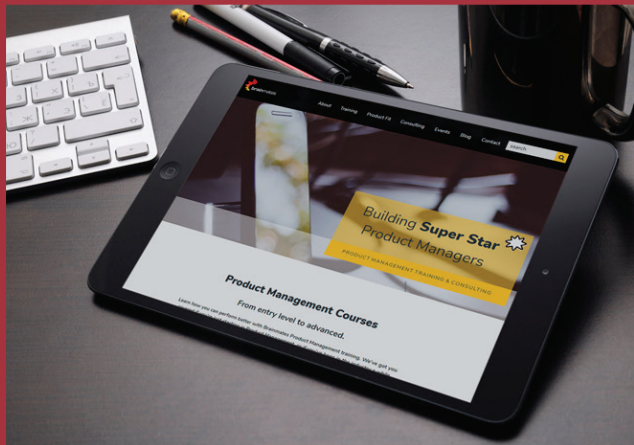

Post-Launch Warranty

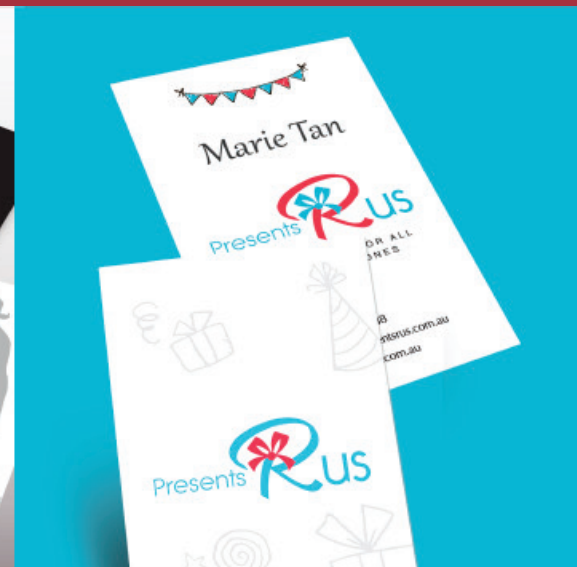

Centaur Management provides a 60 day warranty after the go-live date of the site in which we will fix bugs to our custom code at no charge.

Some of our Recent work

Not just design but integrated business insight...
Unlike other web development companies,
our approach is to understand your business
needs and add value to the project by providing
functional and technological insight.

Thanks for listening
